About Me

My name is Olivia Stone, and I will graduate from Thiel College with a Bachelor of Arts in Early Childhood (PreK-4) and Special Education (PreK-8). I chose Thiel College because of the school's ability to not treat me as just a number and actually get to know who I am as a person.

As a student at Thiel College, I am involved in Les Lauries, Order of Omega, Sigma Alpha Pi, the Thiel

College Theater and Lambda
Sigma. I also hold positions in Chi
Omega sorority, Kappa Delta Pi,
Alpha Chi, and Global Club. The
positions that I have held have
allowed me to develop my
confidence speaking in front of
large groups, my organization
skills, and leadership skills
immensely.
