

Olivia A. Stone
PO Box 242
Ludlow, PA 16333

March 28, 2020

To Whom It May Concern,

I would like to express my interest in an Early Childhood/Special Education position with your school district. I will be obtaining my Pennsylvania Certification from Thiel College in both Early Childhood Education PreK-4 and Special Education PreK-8 (I am willing to take the 5-6 add on tests). I am currently student teaching in Greenville Area School District, Greenville, PA 16125. I will fulfill my requirements to graduate by May 3, 2020.

By graduation, I will have had approximately 200 hours of field experience from schools in and around Greenville, PA. With all of my field experience in the grades PreK-4 in Early Childhood Education and PreK-8 in Special Education, I feel as though I am well prepared to start my career in teaching. With a dual degree, I have learned that each student learns in different manners and some students have the need for differentiated instruction. I am prepared to teach multiple learning styles based upon the students in my classroom, implement standards-based lessons, and integrate technology in the classroom to enhance student learning.

I am willing to differentiate and change my teaching style for each student. I believe that every student learns in different ways, and it will show in the classroom. By being able to teach students in different methods and as previously stated, I am prepared and qualified for this position. I would go to many lengths for my students who need the help and who need to be taught in alternative ways, because I believe that every student is capable of success in the classroom.

Thank you for your consideration for the Early Childhood/Special Education position, please review my resume that is in my E-portfolio (<https://oliviaastone.weebly.com>) under "Professionalism" as well as additional details regarding my career readiness. As an individual with the passion to engage her students and to enhance their learning experiences, I believe that I would be remarkable fit for your school.

Sincerely,

Olivia A. Stone
